A Message From Your Board of Trustees

Economic development is booming in Plain Township! **The Venue at Belden** is now at capacity. This once empty plaza has been given new life through redevelopment and is located at the high-volume intersection of Everhard Road and Whipple Avenue. This busy intersection has approximately 42,000 vehicles per day passing through it, and should provide a strong customer base for the new stores. The Venue at Belden totals

approximately 130,000 square feet of business space and is anchored by Earth Fare, Stein Mart, Home Goods, Talbots, Skechers, American Oven, Jersey Mike's, Fat Heads Brewery, and Moe's Southwestern Grill. Iconic northeast Ohio candy store, Malley's Chocolates, is coming soon. This increase in retail development follows the construction of four hotels over the past few years in the Venue at Belden district. The Venue at Belden project was brought to fruition through the efforts of DeVille Developments, a local Stark County company.

Oakwood Plaza, located at 2710 Easton St NE, is being completely revitalized and brought back to life, thanks to the hard work of the Plain Township Board of Trustees, and the foresight of developer **Giltz and Associates**. Giltz and Associates is making a capital investment of \$5 million dollars into the longstanding Plain Township shopping center. The anchor store will be a full-service Drug Mart store. The new Drug Mart store will sell among other items, food, hardware, prescriptions and will even have a "Deli."

The **Speedway Gas Station** located at 2750 Easton Street NE, at the Middlebranch intersection, has temporarily closed. The building has already been demolished and new construction is taking place to build a new gas station which will encompass a portion of the old Leno's Restaurant property. The utilization of the old Leno's Restaurant property will provide an expanded footprint for the Speedway station. The new Speedway will provide 16 gas pumps with a capital investment of \$500,000. It will also have a food court which will provide custom made sandwiches, snacks, and treats.

Plain Township is currently in the midst of a large reinvestment effort, one which will reshape and revitalize the **Oakwood Square Corridor** along Middlebranch Avenue and Easton Street. These revitalization projects indicate the strong confidence the business community has in Plain Township, as well as the success of collaborative public/private partnerships, and proves once more that Plain Township truly is open for business.

Plain Township Farmers' Market

On behalf of all of us at the Plain Township Farmers' Market, we truly appreciate your support throughout our 2nd season!!! We are pleased to share that our last market/Fall Fest was the best attended with over 1,000 participants. It takes a community to build a quality market and we hope to continue to work with you to grow the market into a cornerstone of Plain Township that

you can enjoy for years to come. In 2018, the market will be open **May—September** and will remain on **Wednesdays** from **4:00-7:00pm** at Veteran's Park, located at **1714 Schneider Street NE ~ Canton, OH 44721**.

We are excited to share that we have big plans for next season! We invite you to stay up to date on all things market related by subscribing to our April-October monthly

e-newsletter at <http://plaintownship.com/farmersmarket.aspx> and by following us on Facebook at **PlainTownshipFarmersMarket**.

If interested in joining as a vendor, sponsor, instructor, musician, volunteer or educator, email us at **KnowYourRootsOhio@gmail.com** for more details.

Alpine Park Playground

Trustees Scott M. Haws, Albert P. Leno and John A. Sabo along with the Fiscal Officer Tom W. Wolf and the entire Administrative Team, welcomes you and invites you to the new **Alpine Park Playground**.

This new playground was funded through a grant from the Ohio Department of Natural Resources! One of the most important aspects of our planning was to develop a playground that did not separate play experiences for typically developing children from children with disabilities. Our main goal was to

create through play - experiences that all children, parents, and grandparents, regardless of ability could enjoy together. We believe we have accomplished that goal! Everyone can play at our playground! Everyone to us includes typically developing children, children with autism, those children and adults in a wheelchair, wounded veterans who want to play with their children and grandparents. The playground creates an environment that increases the playability for people of diverse abilities and ages and allows them to feel included, fair, independent, active and safe!

The Alpine Park playground is a playground that our residents can be proud of for generations to come. It is a playground for everyone!

Alpine Park Sensory Garden

In addition to the new playground at Alpine Park, funding was also received for the installation of a sensory garden attached to the play area. As the seasons change and the plants take root, park goers of all ages and abilities will have the opportunity to enjoy the beauty, smell, taste and touch of a variety of plants. The plants will have photo labels so that you can learn their names and what senses they most appeal to. We invite you to not only enjoy the sight of the garden as it grows, but to pinch off leaves to taste those that are edible, rub those that are highly fragrant and feel the unique textures of those that appeal to touch. Play in the teepee, enjoy the sounds of the stone water feature or just sit back on a bench and soak up the ever changing landscape of the **Alpine Park Sensory Garden!**

Updates from Your Fiscal Officer

2018 Alternative Tax Budget

2016 was a positive year for Plain Township and 2017 is shaping up to be even brighter! From new homes to new businesses, Plain Township is poised for continued growth. The Board of Trustees approved the 2018 Alternative Tax Budget on August 8, 2017. The biggest challenge has been dealing with the declining revenue from the Local Government Fund. The current board of trustees has not only been able to keep all the current township services that our residents have become accustomed to, but also have been able to expand services. Your trustees have been diligent in managing and reducing expenditures.

The board has utilized capital funds and long term planning to ensure a fiscally responsible future for Plain Township. A new fire training building is being constructed and new equipment is being purchased for the Road and Fire Departments, all without incurring any debt due to the effective budgeting and long-term planning demonstrated by department heads and the Board of Trustees. The Board of Trustees have also increased the police force and purchased new police cruisers, as promised to the residents when the Police Levy was passed. Townships have a tradition of using funds wisely to benefit their communities, and Plain Township will continue to seek innovative, cost-effective ways to carry out essential functions. The township has utilized technology to help reduce costs. Technology also leads to an increase in services by utilizing increased automation of labor intensive tasks.

The Board of Trustees are creating opportunities for new businesses to join our community as demonstrated at The Venue and Oakwood Square. This approach is essential to the continued growth and stability of Plain Township.

I have a good working relationship with the Board of Trustees and I am proud of the fact that we have been able to expand Plain Township's levels of services while being fiscally responsible.

The future looks bright for Plain Township!!

Plain Township's Investment Portfolio

One of the many accomplishments that I am proud of since taking office as your Fiscal Officer is the changes that I have made to Plain Township's Investment Portfolio. The township can invest cash reserves and earn interest income on those reserves. After taking office, I used my knowledge and experience as a CPA to perform a cash flow analysis and review the investment options available to Plain Township. I transferred much of the cash reserves to STAR Ohio. STAR Ohio is an investment fund that allows government subdivisions to invest funds in a highly rated public investment pool. Since 1995, it has maintained Standard & Poor's highest

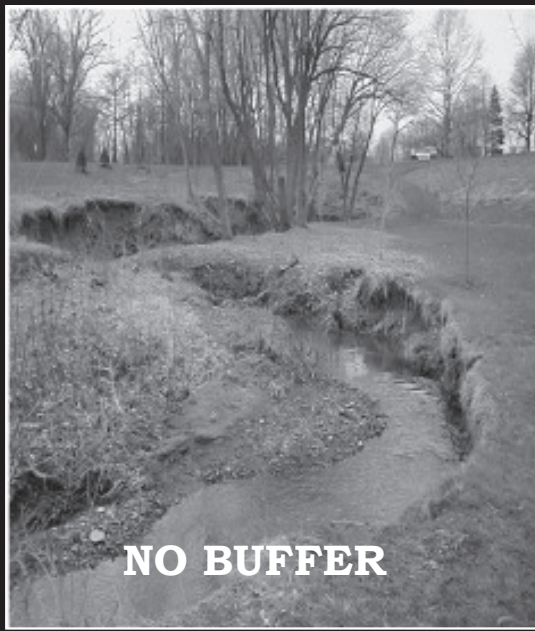

rating and given government subdivisions greater returns on their invested funds. STAR Ohio's AAAM rating by Standard & Poor's proves that investments are safe and secure in the fund. For the month prior to me taking office, March 2016, the monthly interest income was \$1,449.08. For the month of July 2017, the interest income was \$8,415.60. That is an almost a \$7,000 per month increase that Plain Township now receives! The changes that I made to the cash reserve allocations have greatly increased the interest income that Plain Township receives monthly. I continue to evaluate the investment earnings of Plain Township to ensure the greatest rate of return while maintaining safe and secure investments. Your money deserves proper supervision.

What are Riparian Corridors?

Riparian corridors (*buffers*) are areas of trees, shrubs, and grasses located next to rivers, streams, lakes and other natural bodies of water. In Plain Township, anyone who abuts the Nimishillen Creek should have a riparian buffer. These buffers provide many benefits to our water, including protecting stream banks from erosion, providing food and habitat for wildlife, providing natural storage for flooding and reducing the potential for flood damage during large storm events. They also preserve water quality, as plants filter sediment from runoff before it enters our rivers, streams and ponds.

NO BUFFER

WITH BUFFER

To understand how buffers work, it is important to understand how water moves. When it rains, it drains. Surface water flows over the land and is called runoff. Runoff picks up dirt, oil, grease, pesticides, chemicals, and other pollutants as it travels. It then dumps these pollutants directly into our lakes, rivers and streams. Stormwater runoff does not flow into the sewer and to the wastewater treatment

plant for clean up. All of these pollutants can produce algae blooms, disease and kill or sicken our aquatic life. Buffers are natural filters for removing pollutants before they reach rivers, lakes and streams. This helps to keep our water clean and our aquatic life sound.

What Can You Do?

Don't mow to the edge of a stream bank.	Don't change the course of the stream
Keep septic systems in good working order	Don't dump anything into stream
Clean up litter and yard waste (<i>including grass, leaves & pet waste</i>)	Fertilize sparingly and organically
Plant shrubs with strong roots and native vegetation such as Grey Stem Dogwood, Redosier Dogwood, Silky Dogwood, Sandbar Willow, Dwarf Willow, Purpleosier Willow, Buttonbush & Green Twig/ Round-leaved Dogwood	

Fall Leaf Debris

With the fall season upon us, the Zoning Department has begun receiving phone calls regarding leaves. Please be advised that there are **no** zoning regulations regarding leaves and/or leaf clean up. The Township provides 2 yard waste recycling drop-off sites (*see the back page for dates/times*).

If you know of an elderly person or a neighbor needing assistance, lend a helping hand or call a local church for volunteers.

Board Positions Available

The Plain Township Trustees are accepting letters of intent from persons interested in filling expiring terms for the **Board of Zoning Appeals** and **Zoning Commission**. One position to each Board will be appointed for a five (5) year term beginning January 2018. Interested persons must be legal residents of Plain Township and must be able to devote up to two (2) evenings per month to hear variance, conditional use, or rezoning requests. Zoning knowledge is preferred but not required. Letters of intent should be accompanied by a resume and may be mailed to the **Zoning Department, Attn: Zoning Director, 2600 Easton Street NE. Canton, Ohio 44721** or dropped off in person between the hours of 8:00am and 4:00pm, Monday thru Friday. Letters of intent will be accepted until **Wednesday, November 1st**.

Coats for Christmas

Each fall, Plain Township residents contribute their gently used coats to be distributed through the Coats for Christmas project, as a part of the Community Christmas effort. Community Christmas donates approximately 4,000 coats yearly. This collection helps many people who would have a hard time buying a winter coat to stay warm! All sizes are needed! The donation box is located at the Plain Township Administrative Offices.

2017 Paving & Road Repair Project

Our 2017 **Plain Township Paving and Road Repair Project** has now been completed. As a result, approximately 17.6 miles of roadway has been repaved. We would like to thank our residents for their patience with any inconvenience that may have occurred during this time.

Traffic Signal News

The **Everhard Road Project**, which is slated to begin in the late spring or early summer of 2018, involves the placement of a new traffic signal at the entrance of The Venue. The signal was totally paid for by the developer and will sync with the signal at Stratmoor. The Stark County Engineer's Office will take over all maintenance, repairs, and cost of the Stratmoor signal, which was previously funded by the Plain Township Road Department.

Prevent Drainage Problems

Please remember not to rake leaves, grass clippings, or other debris into storm sewers, ditches or streets. Keeping storm sewers and ditches clean will help reduce drainage problems.

Your cooperation is appreciated.

Note that it is illegal to dump oil, antifreeze, herbicides, pesticides or other hazardous products into ditches, culverts or catch basins. All violators will be prosecuted. If you see dumping taking place, report it to the **Stark County Health Department** at **330-493-9904**.

Sight Obstructions

We suggest that you trim back your trees, bushes, hedges, etc. that can cause a sight problem for drivers. Courts have determined that there may be a joint liability between the owner and the governmental agency for hazards in the right-of-way.

Right-of-Way Obstructions

Reminder: Trash cans and portable or permanent basketball hoops cannot be placed in the road right-of-way, according to ORC Section 3767.15.

Tom Benson Hall of Fame Stadium

The Board of Trustees and Administration was on hand on Thursday, August 3rd, 2017 for the unveiling of a statue honoring Tom Benson and his contribution in making the Hall of Fame Stadium a reality.

Standing in the photograph with Trustees Albert P. Leno, John A. Sabo & Scott M. Haws is Blair Buswell, the sculptor of the Tom Benson statue that overlooks the Tom Benson Hall of Fame Stadium. Since 1983, Blair has sculpted more than 100 busts of the inductees of the Pro Football Hall of Fame. Blair was honored in 1990 as the Sport Artist of the Year by the United States Sports Academy; the first sculptor ever to be so honored.
